We are a full service salon specializing in a complete line of services for women and men. We offer a wide variety of services including cuts, styles, special occasion 'updos', color and highlights of every kind.

If you're looking for nail care, we've got you covered there, too!

We also have certified estheticians that offer a full range of skin care services including facials, waxings, microdermabrasion, difficult skin care and much, much more.

Need a little time to relax? Our massage therapists are all licensed and have many years of experience to offer the very best Swedish, Deep Tissue, Hot Stone or even Pre-natal massage therapy.

Please keep in mind that each of our salon professionals is an independent business owner. They set their own appointment times and establish their own rates.
